NX4 AND HIDDEN SOFTWARE TECH NIGHT PIZZA AND SODA FEATURING “SCOTT FELBER”

AGENDA

Registration: 4:30 PM – 5:00 P.M.

“NX4” topics 5:00 PM – 6:00 PM

Highlights of whets new in NX4 (Not to be missed-Big new stuff)

- 1)-“Roles” A role allows you to tailor the user interface by showing only the Toolbars and menu items you are likely to use.
- 2) - User interface and customization. Significant enhancements have been made In NX4 that allow you to tailor the interface to your needs. New toolbars, drop Down and fly out menus are available and easier than ever to create...
- 3)- “v-sweep” – “Emboss” --- “Sketch in feature” --- “sheet metal”-- etc... These “new to NX” features were capabilities that existed in Ideas NX series and Solid Edge.

Pizza break 6:00 PM – 7:00 PM

“Hidden Software” 7:00 PM – 8:00 PM

Viewing and documentation technology — free software you don’t know you even have!!!

- 1)-“JT2GO” – any NX user can create and and anyone can view 3-d models at no Charge. This viewer runs in a web-browser, and the technology can even allow you To put 3-d models into a PowerPoint show or a word document.
- 2) - “XPRESS REVIEW” – New technology that became available with NX 3.01 A License is required to create the 3-D model or the drawing sheets out of NX, but for Free, anyone can view, measure, mark-up this format. It blows e-drawings away!
- 3) - “NX4 VIEWER” – This low cost viewer is available with NX 4 and allows you to view and interrogate native NX parts as well as the light-weight jt files.
